SERVICES

Innovative designs for Kitchen, bathroom, wardrobe, media, bookcases, office, and furniture layouts for new construction and remodeling projects. Full Premium Design Services will include: Initial meetings to establish needs and review client's requirements, followed by presentations on initial conceptual sketches with quick perspectives, one set of revisions, concluding with development of a final CAD floor plan and elevation views, and a material specification booklet on the final selections for appliances, lighting, countertops, flooring, plumbing, specialty items. Also included are installation consultations with follow-up.
